## **Welcome to Canfield Village Middle School**

Canfield Village Middle School is a special place for students to learn and grow from childhood to adolescence. We are dedicated to creating an environment that is safe, secure and that nurtures the whole child at this critical time in their development.

Parents and students are encouraged to be actively involved in the school. This is a great time to explore and grow. Students will discover new friends, new skills, and new interests. We want your child to experience an exciting school year at CVMS!

This handbook is designed to assist you during the school year whenever questions arise regarding policies, procedures, the code of conduct, and activities. The Head Principal and Assistant Principal Offices are open from 7:15 a.m. – 3:15 p.m. Please direct all behavior or discipline concerns to the Assistant Principal's office at 330 533 5544. All other concerns should be directed to the Head Principal's office at 330 533 4019.

*You can teach a student a lesson for a day; but if you can teach him to learn by creating curiosity, he will continue the learning process as long as he lives.*

### Asbestos

In accordance with EPA regulations, this school has been inspected for asbestos-containing material and building occupants must be notified as to the presence of asbestos. Friable asbestos within the building may increase the risk of adverse health effects if asbestos fibers become airborne in concentrations exceeding background levels.

Asbestos containing material is present in Canfield Schools.

A record of the inspection report, diagrams of location(s) of asbestos-containing materials, and other pertinent information contained in the school's asbestos management plan is available for review in the respective office in each building.

## Academic Information

### Grading Scale and Interim Reports

Students are assessed in a variety of ways throughout each grading period. Teachers create assessment tools based on the needs of each student. Letter grades will be given in all formal courses. Interim reports will be posted on Progress Book at the halfway point of each grading period. Report cards are distributed at the end of each grading session of the school year. There will be four grading sessions per semester. **Final report cards will be sent home with students on the last day.** If students do not attend the last day, there will be specific times

for report card pick up. Progress Book is available for continuous grade monitoring. Every student, and every parent, has login information. The school applies the following grading system:

90 to 100 = A = Excellent Achievement  
80 to 89 = B = Good Achievement  
70 to 79 = C = Satisfactory Achievement  
60 to 69 = D= Minimum-Acceptable Achievement  
59 and below= F= Failure/No Credit

O= Outstanding Achievement S= Satisfactory Achievement U= Unsatisfactory Achievement

High Honor Roll: All A's, O's and S's Honors: A's and B's, O's and S's

All expressive arts courses will be graded with an O, S, or U. Band and choir will be issued O, S, and U in grades 5 and 6, and letter grades in grades 7 and 8.

### **Homework/Assignment Books**

Reasonable out-of-school assignments are made and required. Each student at CVMS is required to have and use an assignment book. The purpose is to help students develop the organizational and independent work skills they will need to complete daily tasks. Assignment books are provided to our students at the beginning of the year at no charge. Using an assignment book is an important skill for every student in Village Middle school to develop.

## **Parent Communication**

### **General Information**

Parents are welcome to call the school between the hours of 7:15 am and 3:15 pm with questions and/or concerns. Every staff member also has email. Please understand that FERPA only allows us to discuss information relating to your child. Permission slips must be signed before communicating via e-mail and/or when communicating with anyone other than a student's parents. Information can be obtained by calling the office or by contacting the homeroom teacher. Conferences are held two times a year; however, you are free to contact a teacher at any time to arrange a student concern meeting. All teachers have email addresses set up as follows: first initial then last name "@canfieldschools.net." All emails are located on the CVMS home page at <http://www.canfieldschools.net/>

### **Web Pages**

Each teacher and administrator has a web page that is available for students and parents at all times. The purpose of this site is to communicate curriculum goals, important events, and student achievements. Go to <http://www.canfieldschools.net/>

### **Promotion**

All Village Middle school students who fail two or more academic subjects (reading, language arts, math, social studies, and science) may be retained in the current grade. Promotion will be considered if the student attends

and passes summer school or is tutored by a certified teacher. Progress reports must be obtained from the summer school or tutor before promotion will be considered. Final determination of a student’s grade level placement will be made by the building principal.

**ProgressBook**

Teachers at CVMS utilize ProgressBook. ProgressBook enables parents to stay informed of their child’s grades and progress throughout the year. CVMS will issue usernames and passwords for students and parents to utilize throughout the school year. Passwords are the same as last year. Contact Lynette Brownlee at [lbrownlee@canfieldschools.net](mailto:lbrownlee@canfieldschools.net) if you need your login information.

**School Connects All-Call**

Canfield Local School District will utilize School Connects, an all-call system, to keep families informed. One primary number per family will be designated as the primary number for School Connects calls.

**Attendance and Tardiness**

State law requires that parents call the Village Middle school each day their child is absent. Parents are asked to call the attendance office before 9:00 A.M. at 330-533-5544.

It is important that your child be here each day on time. **When a student has been tardy three times in a nine-week period, a detention will be issued to either class, and/or school.** The following is a guideline for school absences at CVMS:

**If you arrive to school:**

- Between 7:55 a.m. - 9:55 a.m. - Tardy
- Between 9:45 a.m. - 12:40 p.m. - ½ day a.m. absence
- After 12:30 p.m. - Full day absence

**If you leave School:**

- Between 7:45 a.m. – 9:45 a.m. - Full day absence
- Between 9:45 a.m. – 12:30 p.m. - ½ day p.m. absence
- After 12:30 p.m. - No absence will be counted

Students are expected to stay in school the entire day. The only acceptable reasons for leaving school are: 1) doctor’s appointment, 2) court appearance, 3) illness, 4) emergency situation. In the case of a doctor’s appointment or court appearance, the event must be verified with a note from the doctor or court. **With illness the student must first report to the nurse’s office and be evaluated. See below for specific absence types.**

**Attendance and Tardiness**

It is the belief of the Canfield Local Schools that regular attendance is vital to the academic, personal and social needs of all students. Regular attendance promotes good citizenship, responsibility, character, and personal integrity. It is the responsibility of parents to ensure the proper and consistent attendance of each student.

1. Canfield Local Schools recognizes 3 types of student absences:

	<b>Definition</b>	<b>Documentation</b>	<b>Make up work</b>
--	-------------------	----------------------	---------------------

<p><b>Verified</b></p>	<p>Absence due to a doctor’s visit, court appearance, or approved vacation.</p> <p>Verified absences do not count toward excessive absence.</p>	<p>1. Attendance secretary is notified the day of the absence by 8:30 a.m. <b>AND</b> 2. A signed, dated note from a physician or court official is returned to office within 24 hours of return to school.</p>	<p>All work may be made up after a verified absence.</p> <p>It is the student’s responsibility to make arrangements with the teachers.**</p> <p>All work is due within the number of days that were missed.</p>
<p><b>Excused</b></p>	<p>Absence due to personal illness, family illness, death in family, or other reasonable situations as determined by the administration.</p> <p>Excused absences DO count toward excessive absence.</p>	<p>1. Attendance secretary is notified the day of the absence by 8:30 a.m. <b>AND</b> 2. A signed, dated note from a parent is returned to office within 24 hours of return to school.</p>	<p>All work may be made up after an excused absence unless the student violates the excessive absence policy.</p> <p>It is the student’s responsibility to make arrangements with the teachers.**</p> <p>All work is due within the number of days that were missed.</p>
<p><b>Unexcused/ Truancy*</b></p>	<p>Absence from school without a legal reason.</p> <p>Unexcused absences DO count toward excessive absence.</p>	<p>No documentation is provided or reasons given do not meet the standards set for verified or excused absences.</p>	<p>No work will be allowed to be made up and the student will receive no credit for days missed.</p>

\*As per Senate Bill 181 there are two categories of truancy: habitual and chronic.

Habitual Truancy – absent without excuse for 5 consecutive days, 7 days in a month, or 12 days in year  
Chronic Truancy - absent without excuse for 7 consecutive days, 10 days in a month, or 15+ days in year

\*\* When a student has been absent for three (3) or more days, parents and students should consult teacher websites for current class assignments. If more information is needed, homework requests may be made by calling the office before 8:30 a.m. Homework requests should be picked up from the office after 2:00 p.m. on the day that the request was made.

2. **Family Vacation:** A student may have up to 5 days of verified absence due to family vacation if the procedure below is followed.
- a. Student obtains a vacation request packet from the office at least 2 weeks prior to planned departure.
  - b. Parent/guardian and student should follow directions and return the completed form to the office at least 1 week before planned departure.
  - c. It is the student’s responsibility to obtain work from teachers the day before planned departure.

d. All work is due upon return from vacation and all tests must be made up within 1 week of return.

3. **Excessive Absence:** A student’s excessive absence without verification may result in penalties such as but not limited to: loss of privileges to make up work, denial of promotion, loss of academic credit, and/or possible court action.

a. The maximum number of days of absence allowed without penalty (includes both excused and unexcused absences)

I. Semester class – nine (9) days or class periods

II. Full year class – 18 days or class periods

b. Habitual and chronically truant students will be referred to the Mahoning County Attendance Officer and/or the juvenile court system.

4. **Due process:** The parents or guardians of students with attendance concerns will be contacted by letter and/or phone to meet with administrators to develop a plan to improve attendance and avoid loss of credit or penalties.

5. **Canfield Village Middle School Day:** Students are expected to remain in school for the entire day. The only acceptable reasons for tardiness or leaving school early are doctor’s appointment, court appearance, illness or emergency. Documentation for tardiness or leaving early is the same as for full day absence.

If you arrive at school . . .	You are considered . . .		If you leave school . . .	Your are considered . . .
Between 7:55 and 9:45	Tardy		Between 7:55 and 9:45	Full day absence
Between 9:45 and 12:30	Absent ½ day a.m.		Between 9:45 and 12:30	Absent ½ day p.m.
After 12:30 p.m.	Full day absence		After 12:30 p.m.	Full day present

1. **Late to School:** The CVMS school day begins at 7:55 a.m. Any student not in homeroom by that time is considered tardy.

Number of tardies	Penalty
1 - 4	Reminder that students are expected to be in school on time
5 - 8	Morning detention will be issued. Morning detention will be served at 7:15 a.m.
9 - 12	Saturday Detention will be issued. Saturday detention will be served from 8 – 10 a.m.
13 and above	Suspension. In-school or out-of-school to be determined by the principal.

2. **Late to class:** Students are expected to be in class when the tardy bell rings. Each teacher has the right to handle tardiness to class as a classroom behavior issue.

## **Emergency/Safety Procedures**

Student safety is of the utmost importance to us. After reviewing emergency situations, our Safe Schools Committee has developed drills (described below) to be practiced here at school. Practice drills are very important because they help the children develop routines for emergencies. Drills are handled in a very calm manner. When necessary, time is provided for students to talk about situations before and after such drills.

### **Emergency Closing of School**

When schools are closed because of bad weather or other calamity, the announcement will be broadcast through local media outlets and all-calls will be made when permissible. Families should listen/watch local media for information concerning a delayed start or cancellation of school. If school is delayed, classes will begin later and conclude at the normal time.

### **Evacuation Drill**

Rapid Dismissal Drills are held throughout the school year. If a situation would occur during the school day, students are expected to leave the school in an orderly manner and follow their classroom teacher to an assigned "safe zone," as defined in the school safety plan. If a situation would occur at dismissal, students would exit the building, quickly and quietly, and board their buses.

### **Fire Drill**

Directions for drills are posted in each classroom. When the fire alarm is sounded, students are to stand and leave the classroom in a quiet and orderly manner. They should go immediately to the designated area and wait for the principal to signal them to return to the building.

### **Lockdown Drill**

A lockdown procedure has been developed, in collaboration with the Canfield Police Department, to ensure student safety in case of a threat or an intruder that may endanger the students. When a lockdown occurs, teachers will be signaled to lock their doors and take students to a safe area of the room. Halls will be patrolled by administrators and the police. Teachers will be signaled when to come out of a lockdown drill.

Police officers will bring trained dogs into the school on specific instances. Since these dogs may be used in the case of an emergency, it is necessary to practice what to do in this situation.

In the case of a real emergency and the need to evacuate students arises, the students will leave the building as directed by the police officers and go to an identified safe zone.

### **School Delay**

In the case of inclement weather, the Superintendent may announce a two-hour delay of school. This information will be communicated through the same means as an Emergency Closing of School (radio and TV). In the case of a school delay, buses will pick up students two hours later than their normal pick up time. The day will end at the normal dismissal time. The students' daily class schedules will be amended to accommodate the delay. Please never leave children unattended with the expectation of them going to school in two hours as a full cancellation of the school day may occur.

### **Tornado Drill**

Directions for a tornado drill are posted in each of the rooms. Students will be directed to go to a safe place. A tornado alert is a serious concern because lives are at stake if the proper procedures are not observed.

## **Student Activities**

### **Athletic/Extracurricular**

Participation in the sports and clubs at our school provides enjoyment, competition, and a broadening of experience for our students in grades seven and eight. While fifth and sixth grade students are not permitted to be members of any interscholastic team, we do encourage their attendance at the sporting events. **Students have no absolute right to participate in athletic/extracurricular activities. Involvement is a privilege, not a right.** Note: ALL STUDENTS MUST ATTEND SCHOOL A MINIMUM OF FOUR PERIODS IN ORDER TO PARTICIPATE IN ANY ATHLETIC/EXTRA CURRICULAR CONTEST, PRODUCTION, PRACTICE, ETC.

Participation in clubs and activities is open to all students. Participation is limited for our fifth and sixth grade students. We make every attempt to provide a wide range of extracurricular activities in an effort to meet the diverse needs of Village Middle school students. While attending any school-sponsored event, all students are subject to the Code of Conduct.

### **School Dances**

Canfield Village Middle School sponsors dances during the year. Only students from Canfield Village Middle School are permitted to attend dances. No guests from other schools are permitted. All students attending the event are expected to dance in a respectful and appropriate manner. Explicit, provocative, or inappropriate dancing will not be tolerated. The administration reserves the right to deny permission to attend to any student who is not in good standing. Attending dances is a privilege, not a right.

### **Guidance Services**

The guidance office is open to all students during the school day. The guidance staff is willing to help students with a variety of problems as well as make referrals to outside agencies. Parents can access guidance services for their child by calling the school office and asking to be connected with the Guidance department. Students can access guidance services by stopping in the office and/or talking to their homeroom teacher. Teachers and administrators can also make referrals as well.

## **Student Conduct**

### **Code of Conduct**

It is the desire of the staff of Canfield Village Middle School that each individual student will govern her/himself with respect and that s/he will respect the rules that have been established for the Village Middle school. Parents/guardians will be kept informed of student behavioral problems.

The basic philosophy is that each student is an individual. As a result, the procedures and methods may vary depending on the individual needs of the student. Violations of the Code of Conduct may result in verbal or written warning or reprimand, referral to the guidance staff, parental contact or conference, loss of school

privileges, detention, in-school suspension, Saturday school, community service, removal from class, emergency removal, referral to law enforcement agencies, suspension, or expulsion.

Any violation of Board Policy, district guidelines and/or school rules can result in disciplinary actions. The code of conduct is in effect while students are under the authority of school personnel or involved in any school and/or extracurricular activity. In addition, misconduct by a student, regardless of where it occurs, that is directed at a district official or employee, or the property of such official is subject to any discipline deemed appropriate by the administration/staff.

### **Disciplinary Policies**

In order to maintain a safe school environment, the administration/faculty reserves the right to discipline a student when his/her behavior disrupts the school environment. The following behaviors have been identified as examples for reference only. Please understand that while we have highlighted some primary behaviors, it is impossible to list all of the behaviors that could occur during any given school day.

### **Academic Dishonesty**

At Canfield Village Middle School cheating and plagiarism are two of the most serious offenses that threaten the educational goals of students. Cheating and plagiarism are defined as:

- a) Using another person's work in any form as your own.
- b) Copying or using another person's homework, test, book report, term paper, or any assignment or material used in the course.
- c) Using as your own, any person's ideas, expressions, or words without giving the original author credit including downloaded material from the Internet. This includes copy and paste.
- d) Having in your possession or preparing to have any material or device which may give an unfair advantage.
- e) Failing to follow any and all testing procedures or instructions announced by the instructor.
- f) In any way taking unfair advantage to complete an assignment or any assessment.

**A first offense will result in a grade of "zero" for the assignment or assessment. A second offense may result in removal from class and a letter grade of "F" for the final grade.**

Falsifying signatures, data, or refusing to give proper identification or giving false information to a staff member is prohibited and subject to disciplinary consequences

### **Disrespect/Insubordination**

It is important for every student to comply with the rules of the school and respect all school personnel at all times. This includes following rules at school-sponsored activities as well. Noncompliance with school rules or disregard for the authority of school personnel will be considered disrespect/insubordination. The staff will deal with these situations as deemed necessary.

### **Disruption of the School Day**

Every student has the right to learn. Behaviors that interrupt the learning process may result in a consequence issued by the teacher/staff. In the case of repeated offenses, students may be referred to the administration. Staff and administration has the right to determine what is considered a "disruption".

### **Hazing**

Hazing is defined by ORC 2307.44 as “Doing any act or coercing another, including the victim, to do any act of initiation into any student group or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.” Hazing, at any level, will not be tolerated and may be subject to disciplinary action.

### **Physical Confrontation**

In order to maintain a safe environment, physical altercations of any kind will not be tolerated. Out-of-school suspension may be given for such an offense. Recommendation for the Guidance Anger Management program may be suggested as an alternative for first offenses.

### **Gum**

Chewing gum is not permitted at the Village Middle school. Students who violate this rule may be issued a consequence by the classroom teacher and repeated offenses may result in an office referral.

### **Skipping Class/Late to Class/Unprepared for Class**

Students are required to be in their class on time and prepared for the daily activities. Students who violate this rule may be issued a consequence by the classroom teacher. Repeated offenses may result in a referral to the administration.

### **Theft**

Students are responsible for their own belongings as well as items issued by the school. Valuable items do not belong in school. However, theft on school grounds cannot be tolerated. Stealing includes taking items from a classroom, a locker, the bus, the lost and found, and/or hallways.

### **Tobacco, Alcohol, and Other Drugs**

It is a violation of school policy and state statute to sell or possess so-called “Look-alike drugs” or “Look-alike alcohol,” when represented as controlled substances, when in fact they are not; or which are controlled substances falsely represented to be a different type of illegal drug. The penalty for possession, use, and trafficking of drugs, and paraphernalia look-alike drugs, and tobacco will be **immediate suspension or expulsion**. Consuming any amount of any alcoholic beverage regardless of the location of its consumption and then reporting to school and/or any school-sponsored event at home or away shall result in immediate suspension or expulsion. The school and family will then develop a plan for rehabilitation. The willingness to accept treatment will affect the length of the school consequences.

### **Vandalism**

The materials that are used by students, such as textbooks, library books or other school materials are loaned to students free of charge. Those materials are to be treated with care. If books or materials are missing or damaged while assigned to a student, the student will be charged for the replacement or repair of such item. Students responsible for damage to any school material/property will be charged for replacement and/or repair of such item.

Damage and/or defacing school or private property including: buildings, grounds, equipment, motor vehicles, materials, or anything on school property shall result in suspension. Full restitution is required. Expulsion may be

recommended depending on the severity of each case. Damage or defacing private property of any and all school personnel, on or off school grounds will be considered to be a school related offence. Acts of this nature may also be subject to criminal prosecution. Please understand that entry in the building after normal school hours must require authorization and/or supervision. Failure to acquire such authorization shall be classified as unlawful entry.

### **Weapons**

Possessing, handling, transmitting, or concealing any weapon or instrument capable of harming another shall result in immediate confiscation of the weapon and/or instrument and the immediate emergency removal of the individual from school premises. Please understand that a pocket knife and any weapon look-alike is considered in this category. The removal follows the guidelines as established under Board Policy 5614.

### **Harassment, Intimidation, or Bullying**

*As per Ohio Legislative House Bill 276, the Ohio State Board of Education ANTI-HARASSMENT, ANTI-INTIMIDATION OR ANTI-BULLYING Model Policy, and this school district's Board of Education Policy.*

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relationships between members of the school community.

Harassment, Intimidation, or bullying towards a student, whether by students, staff, or third party is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property or while en route to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school approved, or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment intimidation, or bullying means any intentional written, verbal, graphic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes, mental or physical harm to the other student(s) and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s). Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means electronically transmitted acts that a student or a group of students exhibit toward another particular student(s) more than once and the behavior both causes mental and

physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any, student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should **immediately report the situation to the building principal/assistant principal**, the Superintendent, or utilize the Bully Tip Line by calling 330 965 2871 or accessing the Tip Line on the web at <https://tec.access-k12.org/tipline/index>. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated the building principal or appropriate administrator and a written report of the investigation prepared upon completion. Such reports shall include findings, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include expulsion for students, discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint or otherwise participates in an investigation or inquiry concerning allegations aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Making intentionally false reports about aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment intimidation, and/or bullying.

If after investigation, act of harassment intimidation, and/or bullying by a specific student are verified, the building principal or appropriate administrator shall notify in writing the parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student a description of such discipline shall be included in the notification.

### **Complaints**

Students and/or their parents/guardians may file reports regarding suspected harassment intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports and they shall be promptly forwarded to the building principal for review, investigation, and action.

### **Privacy/Confidentiality**

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform to any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

### **Reporting Requirements**

At least semi-annually; the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school- sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

### **Immunity**

## **Consequences**

### **Community Service**

Community service can be assigned during a lunch period or after school depending on the nature of the violation. Students assigned community service will be working with our custodial staff. Any student who misses a community service assignment will be assigned a detention.

### **Detention**

Detentions are served on Monday through Friday from 2:45 – 3:30. Parents will receive notification regarding assigned detention dates in the mail. The student will also be given a copy in homeroom. Any student who misses detention will be assigned two detentions. If a pattern of detentions occurs (5 or more), a Saturday school will be assigned.

### **Saturday School**

Saturday School is scheduled as needed from 8:00-10:00 A.M. To receive credit for attending Saturday School, the student MUST arrive on time. Students are responsible for bringing work for the two-hour period. If your child cannot serve or misses Saturday school for any reason, an in-school suspension will be assigned.

### **In-school Suspension (ISS)**

ISS is for infractions that rise above the level of Saturday school but not as serious as OSS. If a student is assigned to in-school detention they will be isolated in the main office with the ability to do all of their school work assigned for that day. Students must sit and complete all of their assignments. They may not leave the room or see any other students. Teachers will provide assignments. Students are technically not suspended and may participate in after school activities.

### **Out of School Suspension (OSS)**

Out of School Suspension (OSS) means that a student has been removed from all related school activities, curricular and extracurricular, for a period of time in excess of 24 hours but not to exceed ten school days. During this time the student is not to be on school premises at any time unless brought in for counseling or conferences. Students suspended out of school will not have the right to make up work. They may not participate in after school activities. Student due process as prescribed and required by Ohio Law shall be followed when suspension occurs. (See Canfield Local Schools Policy 5611)

### **Expulsion**

Expulsion shall be understood to mean the exclusion of a student from all school attendance and related activities (both curricular and extracurricular) for the remainder of the current semester. An expelled student is not permitted on school grounds at any time for any reason without permission from the administration.

**Due Process Rights**

Our belief is to always approach discipline in a positive and confidential manner. A student’s discipline can only be discussed with that student and/or his parents. Any parent has the right to discuss any disciplinary issue. You can do so by contacting the Principal/Assistant Principal. Parents have the right to appeal a suspension/expulsion. This can be done by contacting the Superintendent’s Office.

These student rules are general in nature. The staff makes every attempt to deal with behavior on an individual basis. While consequences may be necessary to deal with an immediate situation, our goal is to foster appropriate behavior so all students can meet with success.

## **STUDENT CODE OF CONDUCT**

**Level 1 Behavior (Conduct which impedes orderly operation of classroom or school)**

Level 1 behavior should be dealt with in the classroom by the classroom teacher whenever possible. Ordinarily, a teacher will not refer a student engaging in Level 1 behavior to the school administrators until the classroom teacher has taken at least three documented, progressive level one disciplinary actions. Thereafter the classroom teacher may refer the student to the office. However, earlier referral may be made when the misbehavior occurs outside the classroom or in exceptional circumstances where the classroom teacher believes outside assistance is necessary or will be useful in resolving the problem. Level 1 disciplinary action may be imposed by classroom teachers, principals, assistant principals or other designated school authorities.

These rules apply to students at all times while they are on school grounds, off school grounds at a school-related activity, function or event or on school buses.

<b>Behavior</b>	<b>Definition</b>	<b>Level 1 Disciplinary Action</b>

Gambling	Playing any game of chance or skill for money or item of value	School administrators may use any of the actions available to the classroom teacher, as well as central detention, transfer to another class, loss of school privileges, schedule changes or such other in-

**\*Students caught cheating on statewide testing may be subject to suspension or expulsion from school and the results of his/her test will be nullified.**

**Level 2 Behavior (Illegal and/or serious misconduct - not life or health threatening to others)**

A student charged with behavior which is classified herein as Level 2 shall be subject to the disciplinary actions listed below which are recommended for each offense. This means that lesser penalties may be assessed depending upon the facts and circumstances, but not a greater penalty than that listed shall normally be applied. Disciplinary actions may be imposed out of the sequence listed if the circumstances surrounding the misbehavior, including the student's past record, seems to warrant a more severe penalty. However, if the progressive discipline policy is not followed, the grounds for imposing a lesser or harsher penalty must be documented.

Level 2 disciplinary actions may be imposed by the superintendent or principal in accordance with Ohio law. These rules apply to students at all times while they are on school grounds, off school grounds at a school-related activity, function or event, off school grounds, but school related, or on school buses.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

In addition, two federal laws require your school district to provide military recruiters, upon request, with three directory information categories—names, addresses, and telephone listings—unless parents have advised the school that they do not want their student's information disclosed without their prior consent.

## **Notification of Public Records**

### **8310—Public Records**

The Board of Education recognizes its responsibility to maintain the public records of this district and to make such records available to residents of Ohio for inspection and reproduction. The Board will utilize the following procedures regarding the availability of public records. "Public records" are defined as any document, device, or item, regardless of physical form or characteristic, including an electronic record as defined in statute as having been created, generated, sent, communicated, received, or stored by electronic means, created or received by or coming under the jurisdiction of the Board or its employees, which serves to document the organization, functions, policies, decisions, procedures, operations, or other activities of the district. "Public records" do not include medical records, trial preparation records, confidential law enforcement investigatory records, records the release of which is prohibited by State or Federal law, and any other exceptions set forth in R.C. 149.43. Confidential law enforcement investigatory records, medical records, and trial preparation records are defined in R.C. 149.43.

The public records of this district shall be available during regular business hours, with the exception of published holidays. Upon request, a person may receive copies of public records, at cost, within a reasonable period of time. The district's public records shall be promptly prepared and made available for inspection. A reasonable period of time may be necessary due to the volume of records requested, the proximity of the location where the records are stored, and/or for the district to review and redact nonpublic/confidential information contained in the record.

Each request for public records shall be evaluated for a response at the time of the public records request. Although no specific language is required to make a request, the requester must minimally identify the record(s) requested with sufficient clarity to allow the district to identify, retrieve, and review the record(s). The request for records need not be in writing. The requester shall not be required to provide his/her identity or the intended use of the requested public record(s).

At the time of the request, the records custodian shall inform the person making the request of the estimated length of time required to gather the records. All requests for public records shall be satisfied or acknowledged by the district promptly following the receipt of the request. If the request for records was in writing, the acknowledgment by the district shall also be in writing.

The Superintendent is authorized to grant or refuse access to the records of this district in accordance with the law. Any denial, in whole or in part, of a public records request must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority. If the request for records was in writing, the explanation shall also be in writing.

A person may purchase copies of the District's public records upon payment of a fee. A person who chooses to purchase a copy of a public record may request to have said record duplicated on paper, on the same medium on which the district keeps the record, or on any other medium in which the custodian of records determined that said record reasonably can be duplicated as an integral part of normal operations. A person who chooses to purchase a copy of a public record may also choose to have that record sent to him/her by United States mail or by other means of delivery or transmission provided the person making the request pays in advance for said record as well as costs for postage and supplies used in mailing.

Those seeking public records will be charged only the actual cost of making copies. Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the District. E-mail shall be treated in the same fashion as records in other formats and shall follow the same retention schedule.

Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of the district shall retain e-mails that relate to public business and shall copy them to their business e-mail account(s) or to the records custodian.

The records custodian shall treat e-mail from private accounts that are used to conduct public business, thus subject to disclosure, as records of the district. These records shall be filed appropriately, retained in accordance with the established schedules, and made available for inspection and copying in accordance with the Public Records Act.

No public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties. Nothing in this policy shall be construed as preventing a Board member, in the performance of his/her official duties, from inspecting any record of this district, except student records and certain portions of personnel records.

A School District Records' Commission shall be established consisting of the Board President, Treasurer, and Superintendent of Schools in accordance with law to judge the advisability of destroying district records. Record retention schedules shall be updated regularly and posted prominently. The Commission shall meet at least once every twelve (12) months.

The Superintendent shall provide for the inspection, reproduction, and release of public records in accordance with this policy and with the Public Records Law. Administrative guidelines shall be developed to provide guidance to district employees in responding to public records requests. The Superintendent shall require the posting and distribution of this policy in accordance with statute.

### **Notification of Rights for Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights to the student’s educational records. These rights are:

1. The right to inspect and review the student’s education records, within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. A school official will make arrangements for access and notify the parent or student of the time and place where the records may be inspected.
2. The rights to request the amendment of records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, a school official will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to release of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception exists when a school official needs to review an education record in order to fulfill his or her professional responsibility. The school also discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the US Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office of FERPA is the same as the Family Policy compliance Office in Washington, D.C.

**Family Policy Compliance Office  
US Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-4605**

If you have a question about how your school district complies with FERPA, please contact your building principal or central office.

### **Protection of Pupil Rights Amendment (PPRA)**

The Protection of Pupil Rights Amendment (PPRA) requires your school district to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas:

1. Political affiliations
2. Mental and psychological problems potentially embarrassing to the student and his/her family
3. Sexual behavior and attitudes
4. Illegal, antisocial, self-incriminating and demeaning behavior
5. Critical appraisals of other individuals with whom respondents have close family relationships
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers
7. Religious practices, affiliations, or beliefs of the student or parents

8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

This requirement also applies to the collection, disclosure, or use of student information for marketing purposes, and certain physical exams and screenings.

Parents or students, who believe their rights under PPRA may have been violated, should first contact their building principal. If concerns still exist, they may file a complaint by writing the Family Policy Compliance Office. Complaints must contain specific allegations of fact, giving reasonable cause to believe that a violation of PPRA occurred.

### **Telephone**

Students will not be called to the telephone unless it is an absolute emergency. Students who need to use the phone should report to the office.

### **Visitors/Deliveries to Students**

Adult visitors are welcome at our school. Please stop at the main office to register upon entering the school building. Students who wish to bring a visitor to our school must secure permission from the office at least one day in advance.

The office cannot accept and will not deliver personal gifts or “greetings” to students. Do not have gifts, flowers, personal greetings, etc., delivered to the school.

### **Withdrawal/Transfer**

Parents must notify the principal about plans to transfer their child to another school as soon as possible. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents’ notice or request.

## **School Nurse**

There is one full-time nurse on duty between CHS and CVMS to administer the health program for Canfield Local Schools. The nurse’s office is merely an emergency station and is not equipped to diagnose or take care of serious illness. If a medical emergency develops, medical aid is available to all students. If a student becomes ill, the student is to report to his/her teacher to get a pass and then report to the nurse who will decide what should be done. Students are not permitted to leave the school building because of injury or illness without proper authorization. If the nurse is not in the building, students are then instructed to report to the office. Any student who is too ill to attend class will be sent home.

Medication will not be administered unless the proper forms are completed by a parent and physician according to State Law. We must have the physician’s signature for any medication.

## **Communicable Diseases**

### **Casual-contact Communicable Diseases**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who is ill or may have been exposed to a communicable disease or highly-transient pest, such as lice or scabies. The nurse and/or designee will contact a parent whenever a child is too sick to be in school. A communicable disease chart is posted in the nurse's office.

### **Non-casual-contact Communicable Diseases**

The school district has an obligation to protect staff and students from non-casual-contact communicable diseases. When a non-casual-contact communicable disease is suspected, the students' health will be reviewed by a panel of resource people, including the County Health Department. The school will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual-contact communicable diseases include sexually transmitted disease, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

### **Control of Blood-borne Pathogens**

The Canfield Local School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Whenever a student has contact with blood or other potentially infectious material, s/he must immediately notify her/his teacher, who will contact the school nurse.

### **Student Well Being**

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, s/he must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the school office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the school office.

## **MEDICATION POLICY**

The Canfield Board of Education, as mandated by the State of Ohio, has a medication policy for the entire school system. In order for the school to give medication to your child, several procedures MUST be followed.

In a “nutshell”, students are not allowed to carry any medication in the school unless the proper forms are completed, signed by both the parent and the physician. If it is medically necessary for a student to have medication during the school day, the parent must bring that medication to the school and complete the necessary medication forms. When these forms are completed, the nurse or a person designated by the principal of that school will administer the medication. Only inhalers, epi-pens and diabetic needs may be carried by students if the proper medication forms are completed, signed by both the parent and the physician. This includes over the counter medications. The school nurse may administer several over the counter medications such as Tylenol. Only the school nurse can administer these school-purchased, over the counter medications from the nurse’s office. If you have any questions concerning this policy, please call the school nurse at 330-702-7013.

#### Medication Procedure

1. The medication must be brought to the school by the parent or guardian.
2. The medication must be in the original container from the pharmacy.
3. The medication must be labeled with the medication’s name, the physician’s name and your child’s name, and time to be given.
4. The “Parent Request and Authorization to Administer a Prescribed Medication or Treatment” form must be completed and signed by the parent or guardian and must include the signature of the physician.
5. New forms must be completed each school year.
6. Any medication not picked up by the parent or guardian by the end of each school year will be disposed of by the School Nurse.
7. Any medication brought in by a parent in a baggie or inappropriate container with a note will NOT be given to the student.

#### Medication Regulations

As of July 2011, the Ohio Department of Health developed some new regulations concerning the delivery of medication in the school. The new regulations cover three main issues. The first is who can give students medication at school, the second covers what procedures must be followed for medications to be given in school, and the third deals with what medications a student can carry during the school day.

According to the new regulations, only the nurse and employees who have been trained by the nurse can give medications to students. Untrained employees and volunteers in the school cannot give a student any medication. Volunteers cannot give medication even on field trips. Currently most of Canfield’s administrators and secretaries have been trained to administer oral medication.

What medications can your child have in the school? Any medication, either prescription or **over the counter, that is medically necessary for your child to remain in school**, can be given to your child at school as long as the proper paperwork has been completed and is signed by a parent AND THE PHYSICIAN. The medication must be delivered to the school by the parent and can only be given to your child by the nurse or the trained, designated employees. Students cannot carry any medications with them or in their lunch, purse, or backpack. The **ONLY** medications students are allowed to carry on their person, and only if the proper paperwork is in the nurse’s office, are inhalers for asthma, epi-pens for anaphylactic reactions, and insulin and testing materials for diabetes.

The school does keep a small supply of over the counter medications such as Tylenol. This medication can be given by the nurse after an assessment. The distribution of over the counter medications that are in the nurse’s office and are given by a nurse do not require any paperwork on the part of the parent, but can only be given when the nurse is in the building. **Cough drops, vitamin drops, and throat lozenges are not used in the elementary schools.** If you have any questions about the new regulations or any questions concerning your child and medication, call the nurse at your school.

Sandra Mulligan, RN, BSN

### **Medication/Illness/Injury/Immunizations**

No medication will be distributed by secretaries. No medication is allowed in the school unless in compliance with Canfield's medication policies. All injuries must be reported to a staff member or the office. A student who becomes ill during the school day should request permission to go to the nurse's office. An appropriate adult in the office will determine whether the student should remain in school or go home. All arrangements with parents must be made by a staff member; students are not permitted to use school phones or cell phones to call or text parents without permission from a school official. A school official must contact parents. All students must have all immunizations required by law. All students must have a current, complete Emergency Medical Authorization Form on file in the school. Please contact the school nurse for more complete information about any medical issue. (See Canfield Local Schools Policy 5330)

### **CANFIELD LOCAL SCHOOLS IMMUNIZATION POLICY**

The Canfield Board of Education, as mandated by law, requires that students must be current with all immunizations. These include but are not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps. Students who have not been immunized must have an authorized exemption from State immunization requirements. Students who started kindergarten during or after the 1999 school year must be immunized against Hepatitis B. Students who started kindergarten during or after the 2006 school year must be immunized against chickenpox. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of an epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the immunization requirements. Any questions about immunizations or exemptions should be directed to the school nurse initially.

## **Students with Disabilities**

The Americans' with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving federal financial assistance. This protection applies not just to students, but to all individuals who have access to the district's programs and facilities.

The laws define a person with a disability as anyone who:

- Has a mental or physical impairment that substantially limits one or more major life activities
- Has a record of such an impairment
- Is regarded as having such an impairment

The district has specific responsibilities under these two laws, which include identifying, reviewing, and, if the child is determined to be eligible, affording access to appropriate educational accommodations.

Additionally, in accordance with state and federal mandates, the district seeks out, assesses, and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess, and if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in the procedure is important and required by Federal (IDEIA, ADA, and Section 504) AND State Law. Questions regarding this process should be directed to the Special Services Office.
